ABOUT

Instructional Designer and Learning & Development professional with a background in Education and experience designing engaging learning experiences, training programs, and digital learning content. I combine instructional design, facilitation, and UX-informed thinking to create learner-centered training materials that improve engagement and knowledge retention. I've collaborated with international and multicultural teams across Europe and the Middle East through youth programs, training initiatives, and professional projects, gaining strong communication, coordination, and stakeholder collaboration skills.

PROFESSIONAL EXPERIENCE

- Skills Bank | Learning & Development Specialist** **Mar 2026 – Present**
 - Designed and developed blended learning programs aligned with business objectives and learner needs.
 - Conducted Training Needs Analysis (TNA) and collaborated with SMEs and stakeholders to develop curricula, learning materials, and assessments.
 - Facilitated learning initiatives and evaluated training effectiveness to improve learner engagement and performance.
- Sansusi | Instructional Designer – Youth Development Programs, Latvia** **Nov 2025 – Feb 2026**
 - Designed and facilitated Erasmus+ learning programs for multicultural youth audiences.
 - Developed workshop materials and contributed to project writing, learning content, and program documentation.
